

# Flexible Solutions for Renewable Energy

**KROFTA ENGINEERING LIMITED**

Leaders in water and waste water treatment since 1983

## WASTE WATER TREATMENT & ENERGY RECOVERY

- Equipment Manufacturing
- EPC Contracts
- Operation and Services
- Consulting

## OUR SOLUTIONS

### INDUSTRIAL WASTE SLUDGE TREATMENT

- Anaerobic Digester
- Bio-Mass Thickener
- Bio-Mass De-Watering
- Oil & Grease Separator
- FOG Anaerobic Digester

### INDUSTRIAL WASTEWATER TREATMENT

- Pre-Treatment Units
- Upflow Anaerobic Sludge Blanket (UASB)
- Continuous Stir Tank Reactors (CSTR)
- Sequential Batch Reactor (SBR)
- Membrane Bio-Reactor (MBR)
- Moving Bed Bio-Reactor (MBBR)
- Ultra Filtration (UF)
- Reverse Osmosis (RO)

### BIO-GAS UTILIZATION

- Biogas Handling Systems
- H<sub>2</sub>S Gas Scrubbing

## CONTACT US

 Durga Bhawan, A-68 FIEE Complex  
Okhla, Industrial Area Phase 2  
New Delhi, 110020, India

## WHAT WE DO?

Krofta Engineering Limited provides end-to-end solutions for environmental challenges with cutting edge technologies to achieve circular economy

## HOW CAN WE HELP?

Every Organic waste has Energy. We can assist you in converting it to useable form. Various Anaerobic Technologies generate valuable products for re-use:

- BIO-GAS
- CBG
- MANURE
- WATER
